

Council – 2014-10-20 (#6)
Secretary Report

Apologies for the minutes from 2014-09-22 taking so long to produce; I wanted to cut out as much repetition as I could, as well as summarize the conferences discussion in case there were people who didn't want to read the entire debate. Please let me know if I should continue such efforts.

On that note, if you have any feedback about the minutes, please don't hesitate to tell me! They can be more concise (shorter, with less discussion), more verbose (longer, with less paraphrasing), formatted different for better readability (like highlighting speakers), etc.
